## FREE ACADEMIC LICENSE APPLICATION

PLEASE READ THIS DOCUMENT CAREFULLY BEFORE APPLYING FOR A FREE ACADEMIC LICENSE!

Lead Finder software licenses are provided for free to academic users who use Lead Finder exclusively for teaching or non-commercial research purposes. **The free academic license expressly prohibits operation of Lead Finder for commercial purposes, or in a service-bureau or like environment.**

Free academic licenses are provided in the form of annual subscription with no support. Your academic status will be re-evaluated at each annual subscription renewal. If your status changes, or your research work has been commercialized, you will need to acquire a standard license at the time when such event occurs.

Free academic licenses are issued to individual research groups rather than an entire academic institution. The fact that another research group in your academic institution has received a free license of Lead Finder does not make you automatically eligible to receive a free license. Your status

will be evaluated independently of any other research groups at your institution.

BioMolTech issues free academic licenses at its own discretion and judgement. We reserve the right to offer no explanation of the reasons if we decide to not issue a free academic license to you.

A free academic license comes with a HASP key that is part of the Lead Finder's license control system. You must have appropriate system privileges to install system drivers for the USB HASP key on the Windows or Linux computer system where Lead Finder is to be used. The detailed technical information about HASP keys and its system drivers is available at the manufacturer's website: [www.aladdin.com](http://www.aladdin.com). You must agree to cover the cost of procurement and delivery of such HASP key to you: US\$210 for a single-CPU license, US\$320 for a multiple-CPU license.

To apply for a free academic license, fill out the form below, print, sign and fax it to us at +1 (416) 352-6117.

### 1. INFORMATION ABOUT YOU AND YOUR RESEARCH GROUP

Name Phone

Position E-mail

Website

Address

#### 1.1 Describe your research and/or teaching work

1.2 Define responsibilities of the current members of your research group

1.3 Describe how you are planning to use Lead Finder

## 2. INFORMATION ABOUT YOUR ACADEMIC INSTITUTION

Name

Website

Name of your department

## 3. ACCEPTANCE OF TERMS AND CONDITIONS OF FREE ACADEMIC LICENSE

I hereby certify that:

- I am an academic researcher or teacher;
- I will **not** use Lead Finder in a service-bureau or similar environment;
- I am **not** going to obtain commercial value through the use of Lead Finder. If my research work commercializes, I will acquire a standard license of Lead Finder at the time when such event occurs;
- I will **not** use Lead Finder for purposes not directly related to my research or teaching work;
- I will **not** allow use of Lead Finder by someone who is not a member of my research group;
- I agree to be bound by terms of BioMolTech's End User License Agreement (EULA);
- I agree to pay the cost of a HASP key provided to me with my Lead Finder's license:

US\$210 for a single-CPU license, or

US\$320 for a multiple-CPU license.
